

Worksheet Wizard

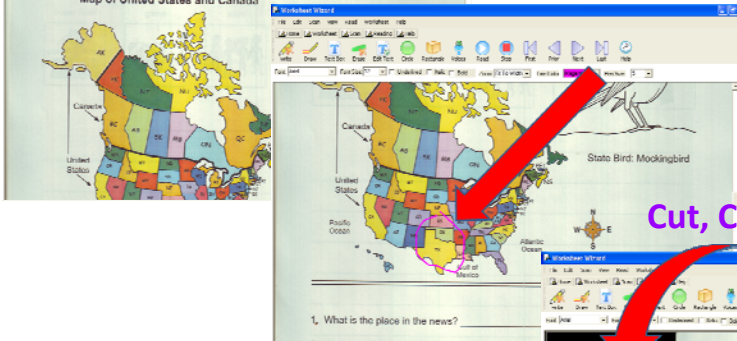

For making forms and worksheets accessible

Premier Assistive Canada has a new addition! The **Worksheet Wizard** is a software application that is specifically geared to handle all aspects of worksheets that have typically been designed for handwritten completion.

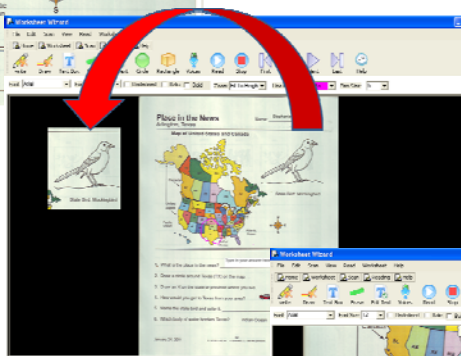

Scan Worksheets Directly to PDF
Type Directly Anywhere Into a Document

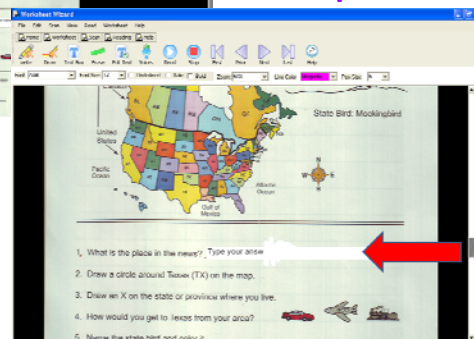

Draw Anywhere

Cut, Copy and Paste Images

Erase Text and Graphics

ADDITIONAL CAPABILITIES

- *Built-in worksheet composer to provide a wide variety of composition tools to assist when writing text*
- *Works with all PDF Files, even those PDF Files that are "image only"*
- *ANY text on a worksheet can be read aloud*
- *Network compatible – can use documents directly from servers*

MAJOR BENEFITS

- *Optimized for worksheets and forms that must be filled out and completed*
- *Allows schools to take advantage of worksheets that are already in use*
- *Great for filling out forms and annotating worksheets and PDF files*
- *Solves the age-old problem of handling worksheets that were originally designed for paper and pencil*
